And to regard them as carried by some glacial movement from the northern orifice would seem a much simpler explanation. It is interesting to note that this whole valley, by the way, was free from snow and covered with luxuriant vegetation. And, as was indeed the case generally in these explorations, there was an abundance of animal life observed. BUTTERFLIES AND BEES A little later Greely passed to the other side of this valley and found that he had reached the water shed of this part of Grinnell Land, the other side of the ridge draining into Lake Hazen. Here he did actually see a glazier on the north side of that lake--which ought to have given him a hint about the two trees he had so recently discovered. He also caught, at that point, a butterfly, and saw three shuas, two bumble...
