## Financing Change: Financial Community, Eco-efficiency and Sustainable Development

By Stephan Schmidheiny, Federico J Zorraquin, Schmidheiny

MIT Press Ltd, United States, 1998. Paperback. Book Condition: New. New edition. 229 x 153 mm. Language: English . Brand New Book. Prominent industrialist Stephan Schmidheiny, coauthor of the influential book, Changing Course: A Global Business Perspective on Development and the Environment, joins Argentinean business leader Federico J. L. Zorraquin and the other 123 members of the World Business Council for Sustainable Development in taking a close look at whether the workings of financial markets (stocks, bonds, banks, and insurance companies) do, or should, support sustainable development. Largely descriptive rather than prescriptive, Financing Change is the first study to examine questions that will become increasingly important as populations burgeon and the developing countries enter financial markets. It examines these issues in separate chapters covering the viewpoints of the financial market participants: company directors, investors and analysts, bankers, insurers, accountants, and raters.
