Reviews

This pdf is very gripping and exciting. I could comprehend everything using this created e book. You won't really feel monotony at any moment of your own time (that's what catalogs are for about in the event you ask me).

(Miss Vergie Marks DDS)

PROCESS MANAGEMENT

2008. Paperback. Book Condition: New. 502 pages. English Now you can offer your students the coverage of three books in one as PROCESS MANAGEMENT balances coverage of Process Management, Operations Management (OM), and Supply Chain Management (SCM). The book presents a unique focus on the eight key supply chain processes, with chapters devoted to each of these well-known concepts to form the strong foundation and solid understanding your students need today. The book combines coverage of both strategic and operational issues with an emphasis on the tools and techniques most important to your students for process design and management. Contemporary topical coverage addresses supply chain and e-business applications with appropriate coverage of both manufacturing and service theory and applications. A balanced, thorough coverage of essential topics highlights inventory, JIT, quality, customer and information flow management, and service operations while a unique focus on a value-adding approach throughout the supply chain links the processes of suppliers, the focal company, and its customers. This mix of process and service applications and management theory offers you much more than any other text of its kind for a process-oriented approach that truly meets the needs of future or practicing professionals. Key Feature Chapter Opening Vignettes as well as additional vignettes within each chapter highlight three well-known companies to demonstrate how chapter content applies to actual organizations in today's business world. These intriguing cases show how following the chapter's concepts produced positive results for these companies. Learning Objectives overview each chapter's topics and highlight the goals of each chapter to help guide student instruction. Process Management in Action brief cases present actual examples and applications of one of the chapter topics to real companies in business today. End-of-Chapter Summaries overview the chapter topics and provide an excellent tool for students who are reviewing for a...
