SECRET WARS AND SECRET POLICIES IN THE AMERICAS, 1842-1929

University of New Mexico Press. Hardback. Book Condition: new. BRAND NEW, Secret Wars and Secret Policies in the Americas, 1842-1929, Friedrich E. Schuler, The conflicts that culminated in the First and Second World Wars had their origins in the rise of imperial powers in North America, Europe, and Asia in the late nineteenth century and the imperialist quests for the resources of colonies and former colonies. American expansionists, encouraged by a growing U.S. Navy, nurtured U.S. policies with illusions of easy access to South America. Policy makers in the fledgling empires of Germany, Japan, Spain, and Italy relied on clandestine means to rival U.S. ambitions. In this original and thoroughly researched book, based on new sources from previously unused collections in Germany and Spain, Friedrich E. Schuler details their attempts to suborn ethnic groups within Latin America but also the United States to establish ethnic 'beachheads' that would serve to undermine U.S. interests. These deeply disturbing lessons became central historical reference points for U.S. policy makers during World War II. Not surprisingly, though rarely covered in Latin American historiography, Latin American nations, but also Spain, developed their own plans to exploit these imperialist rivalries after World War I. The resulting intrigue and subterfuge revealed in this revisionist study adds a fascinating new dimension to our understanding of transpacific and transatlantic politics during this critical period of world history.
