

## Inside the Mind of the Shopper: The Science of Retailing

Filesize: 7.11 MB

### ***Reviews***

*A really wonderful book with lucid and perfect reasons. This can be for all who statte there was not a worth reading through. You are going to like how the author write this book.*  
*(Dr. Grady Jacobi DDS)*

## INSIDE THE MIND OF THE SHOPPER: THE SCIENCE OF RETAILING

Pearson Education (US), United States, 2009. Paperback. Book Condition: New. 228 x 153 mm. Language: English . Brand New Book. What do you really do when you shop? The answers are fascinating and, for retailers, they re cash in the bank. In Inside the Mind of the Shopper: The Science of Retailing, world-renowned retail consultant Dr. Herb Sorensen, Ph.D. uncovers the truth about the retail shopper and rips away the myths and mistakes that lead retailers to miss their greatest opportunities. Every year, says Sorensen, shoppers will spend a quadrillion seconds in supermarkets and they ll waste 80 of that time. Sorensen analyzes consumer behavior-how shoppers make buying decisions as they move through supermarkets and other retail stores-and presents powerful, tested strategies for designing more effective stores, improving merchandising, and driving double-digit sales increases. He identifies simple interventions that can have dramatic sales effects, and shows why many common strategies simply don t work. You ll learn how to appeal to the quick trip shopper; make the most of all three moments of truth ; understand consumers powerful in-store migration patterns; improve collaboration between manufacturers and retailers; learn the lessons of Stew Leonard s and other innovators; and much more. Then, in Part II, Sorensen presents revealing interviews with several leading in-store retail experts, including crucial insights on using technology and retailing to multicultural communities.
